COVENANT TO RESTRICT USE OF PROPERTY

ENVIRONMENTAL RESTRICTION

(Re: Assessor's Parcel No. 8167-002-049, 9951 S. Greenleaf Avenue, Santa Fe Springs, CA)

This Covenant and Agreement ("Covenant") is made by and between Gwen Campbell and the Phil Campbell and Diane Cote Family Trust (the "Covenantors"), the current owners of property situated in Santa Fe Springs, County of Los Angeles, State of California, described in Exhibit A, attached hereto and incorporated herein by this reference (the "Property"), and the WDIG Site Trust ("WDIG Site Trust" or "Trust"). Pursuant to Civil Code section 1471(c), this Covenant is reasonably necessary to protect present or future human health or safety or the environment as a result of the presence on the land of hazardous substances as defined in 42 U.S.C. § 9601(14), pollutants or contaminants under 42 U.S.C. § 9601(33), and in California Health and Safety Code ("H&SC") Section 25260. The Covenantors and the Trust, collectively referred to as the "Parties," hereby agree pursuant to Civil Code section 1471(c) and H&SC section 25355.5 that the use of the Property be restricted as set forth in this Covenant. The Parties further intend that the provisions of this Covenant also be for the benefit of the U.S. Environmental Protection Agency ("EPA") and the California Department of Toxic Substances Control ("DTSC") as third party beneficiaries.

ARTICLE I
STATEMENT OF FACTS

1.01. The Property is more particularly described and depicted in Exhibit A, attached hereto and incorporated herein by this reference. The Property is located in the area now generally bounded by Los Nietos Road, Greenleaf Avenue, and Santa Fe Springs Road, in the County of Los Angeles, State of California. The Property is more specifically described as Los Angeles County Assessor's Parcel No. 8167-002-049. A map of the Property is attached as Exhibit B.

1.02. The Property is a portion of the Waste Disposal, Inc. Superfund Site and was listed on the National Priority List on July 22, 1987 by EPA. Remediation of the Site is being conducted pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §§ 9601 *et seq* ("CERCLA"). EPA has selected a remedy for the Site, which is documented in the Amended Record of Decision ("Amended ROD"), signed by EPA on June 21, 2002. The remedy includes construction of a RCRA-equivalent cap over the reservoir area in Area 2, use of engineered caps in portions of Areas 1, 2, 4, 5, 6, 7, and 8, installation and use of an active soil vapor extraction system and/or a soil gas monitoring system, use of a liquids collection system under the RCRA-equivalent cap, institutional controls, engineering controls in buildings overlying buried waste or soil gas noncompliance areas, use of in-business ambient air monitoring, long-term soil gas monitoring, long-term groundwater monitoring, and long-term operations, maintenance and monitoring. The Administrative Record for the Site is available for review at the Santa Fe Springs Public Library located at 11700 Telegraph Road in Santa Fe Springs, and at EPA's Region IX Records Center, located at 95 Hawthorne St., San Francisco, CA 94105.

1.03 Because waste will remain in place at the Site, EPA selected institutional controls as part of the remedy selected in the Amended ROD. The institutional controls will be implemented in order to ensure the long-term integrity of the remedy and to prevent exposure to waste remaining at the site. The Amended ROD provides for restrictive environmental covenants to be recorded on the properties at the Site to fulfill the purposes of protecting the remedy and preventing certain activities on and uses of the properties.

EPA shall respond to such request within a reasonable time, by: 1) providing written approval for the exception; 2) requesting further information in support of the request; 3) providing written approval of the exception with modification; or 4) denying the request. The decision of EPA shall be final and shall not be subject to judicial review. If requested by EPA, any approved exception shall be recorded in the Official Records of Los Angeles County in an Amended and restated Covenant by the person or entity granted the exception.

5.02 Modification. The land/water use restrictions of this Covenant may only be modified upon the written agreement of each Owner and the WDIG Site Trust, with the prior express written approval of EPA. Such modifications shall become effective when they are

incorporated into this Covenant and such modified and restated Covenant is executed by each Owner and the WDIG Site Trust and recorded by the Owner.

5.03 Termination.
